EDUCATION M.Arch., University of New Mexico, 1990
B.A., Studio Art, University of California at Davis, 1982

BIO Geoffrey C. Adams is an associate professor in the Architecture Program at the University of New Mexico. He is currently teaching graduate design studio, materials and methods survey course and a seminar exploring digital design and making. Specific areas of academic interest and investigation involve the interconnection between design, drawing/painting, digital technology, building and fabrication.

Professor Adams has published work, both professional and academic, in national periodicals, proceedings and books. He is a recipient of the ACSA New Faculty Teaching Award. He has been a practicing architect for the past sixteen years and maintains an independent practice in Albuquerque, NM.

Students working in his design studios have won national and international design awards including 2008 ACSA/PCA Concrete Thinking for a Sustainable World Student Design Competition and 2009 AIAS/Kawneer Student Design Competition.
